The Scotts Company

14111 Scottslawn Rd.

1. Never leave product in the spreader. Pour

leftover material

back into the package and seal the package

tightly.

2. After each use, wash thoroughly to remove all

material

clinging to the spreader. Hot water may be

required

at times to remove stubborn residue. Allow the

spreader to dry thoroughly in the sun.

3. Store your spreader in a clean dry place.

NOTE: This unit does not require lubrication.

Thank you

for purchasing a Scotts

®

AccuGreen

®

3000™ spreader. The Scotts Company

introduced the first home lawn spreader in 1946

and has continued to offer superior quality that translates into more

accurate application, a better-looking lawn, and a longer-lasting, more durable

spreader. The lawn care

industry's most extensive research, design, and

testing have gone into

making the AccuGreen series spreaders the

most accurate in their class. With

its durable rustproof hopper, the AccuGreen

®

3000

™

spreader is guaranteed

to give you great results — now

and for many years to come.

Calibration

Your AccuGreen® 3000™ spreader was calibrated at

DROP
SPREADER

the factory. You may check the calibration as follows:

1. Adjust the micrometer setting to 6.
2. Squeeze the trigger against the handle.
3. The front edge of the shutoff bar should be

flush with the calibration line engraved on the bottom of the hopper.

4. To adjust alignment, use a small wrench to turn the black calibration screw at the lower end of the control wire leading from the micrometer rate setting barrel.

Ready to use!

No assembly!
